

SHIELD

OVERVIEW

Magnetic GPS tracking device that utilizes CAT M1 cellular service.

Ultra-low power consumption provides up to 5 years of battery life.

No monthly fee, AT&T cellular service is included for entire term.

3 or 5-year, \$5,000 theft benefit if vehicle is stolen and not recovered.

Available for Auto, Powersports, RV and Boats.

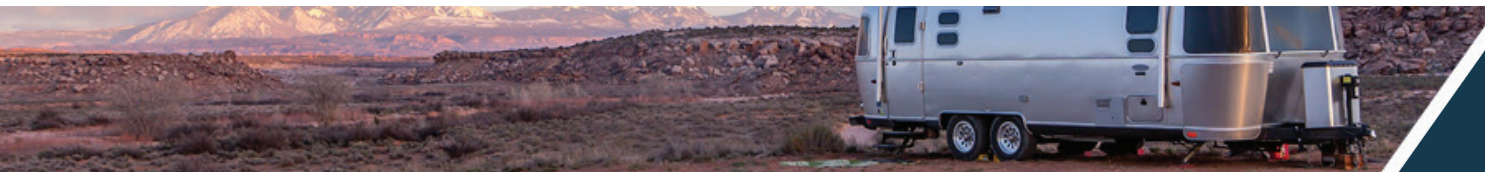

ELIGIBILITY

Includes Auto, Powersports, RV, and Boat units regardless of age or mileage.
See contract for specific guidelines.

Device must be installed on vehicle/unit to be eligible for coverage.

COVERAGE & TERM

\$5,000 cash benefit in the event the vehicle is stolen and not recovered, or deemed a total loss due to theft.

3 or 5-year term options available. AT&T cellular data service for device is included for entire term at no additional charge.

Agreement is non-cancellable and non-transferrable.

OPTIONAL COVERAGE - VEHICLE REPLACEMENT

- Benefits up to **\$25,000**
- Insurance Deductible Reimbursement
- Sales Tax Reimbursement on Lost Vehicle
- New Vehicle Fees and Registration
- Rental Car up to 20 Days
- 3 or 5 Year Terms Available

DEVICE FUNCTION

Shield operates on the CAT M1 LTE network. It is designed for ultra-low power consumption with deep sleep mode. It is also designed for deeper building penetration for cellular coverage than any of the current technologies on the market.

DEVICE INSTALLATION

Installation is quick and requires no hardwiring into the vehicle/unit.
Recommended installation is in the spare tire well, or in a storage compartment.

DEVICE OPERATION

The vehicle location will be reported once every 24 hours. In the event of vehicle theft, once the customer has notified law enforcement, the device will update the vehicle location every few minutes to allow for vehicle recovery.

DEVICE ACTIVATION

Shield is activated at time of sale through an online activation portal at getm2m.com or scan the QR tag from the device registration card enclosed with each unit. Confirmation email is sent to customer upon completion of registration.
